Proposed Modification No. 3
to General Contract

25X1A9a

Dear Mr. [REDACTED]:

Reference is made to your letter of 9 October 1953 regarding the item of \$500.00 for trenching.

In view of the facts as presented, you are correct in questioning the justification of the \$500.00 proposal for the amount of work involved.

As you suggested, an explanation from the Contractor on how he arrived at the amount would be in order. This estimate should be reviewed and discussed by you and the Contractor, thence forwarded to this Office with your recommendation.

Very truly yours,
